Scientific Basis Of These Hindu Beliefs : Know What Is The ...

As Hinduism is an idol-centric religion, its core principles are of no consequence to science. Christianity is a creation-centric religion. This is why it had to oppose modern science which, too, is creation-centric. The latter has taken strong positions on how life began, how day became night, and how our beings are energised.

Why Hinduism Is Science-proof - Times of India

A couple of years ago, I was invited to a panel discussion at Columbia University on science and religion. Not having a background in science, I was a bit uncomfortable with participating, but the group organizing the event really wanted an Eastern/Hindu perspective on how science fits into the Hindu philosophy and tradition.
