The Substance of Style | The Russell Kirk Center

For people interested in design, aesthetics, and social change very broadly, *The Substance of Style* takes its place next to her earlier *The Future and Its Enemies* as a must-read. Postrel makes several contributions. First, her discussion of what she calls “the aesthetic imperative” attacks aesthetic and cultural elitism on every margin.

Style thinking is more aligned with the principles of brand, and thinking typically starts with desired perception and works back to what must be done to create this. From a substance perspective, a style approach seems shallow and false, yet, if we are honest, much of what we do takes careful account of what others may think of us.
